Working at a dead-end retail job in the middle of nowhere can be hard. The long hours. The helpless customers. The enormous eldritch horror living deep below the building. As the only full-time employee at the twenty-four hour gas station at the edge of town, Jack has pretty much seen it all. But when he decides to start an online journal documenting the bizarre day-to-day occurrences, he unwittingly attracts the attention of much more than just a few conspiracy theorists. With the body count steadily on the rise and a dark, ancient force infecting the dreams of everyone around him, Jack will do everything in his power to stay out of the way and mind his own business. After all, he's just a gas station clerk. It's not like he's getting paid enough to wage battle against the nightmarish aberrations plaguing his community. Besides, he already has his hands full attempting to manage all those mysterious lawn gnomes, the mutant raccoons, and the charming phantom cowboy who lives in the bathroom. Based on the award-winning creepypasta by GasStationJack, Tales from the Gas Station: Volume One is a love letter to the pioneers of classic horror tailored to a generation that grew up in the era of smartphones and WiFi.

In this informative and entertaining book, learn from Cousin Sal how not to gamble your life away -- along with many other life lessons -- so you don't have to learn the hard way. Over the last forty years, Cousin Sal has made bets with doctors, lawyers, teachers, agents, bookies, writers, comedians, radio DJs, tv producers, baseball players, front office executives, bandleaders, movie stars, publicists, weed lab owners, hedge fund operators, and even professional wrestlers. From his early days growing up in Brooklyn and Long Island flipping baseball cards to now hosting podcasts and TV shows and managing several offshore accounts we don't talk about, Cousin Sal has truly become the average American sports fan's go to source for gambling tips. So here's how not to do it . . . With hilarious tales of love and loss, winning and (a lot) of losing, crazy family and fatherhood, and a life saga that inspired the Phil Collins' song, "Against All Odds," Cousin Sal has now written THE Vegas super-system, MIT-algorithmic, sharp-approved book for how to gamble like a pro -- or at least not how not to go broke and lose your kids to Child Protective Services.

More than 150 tales from Hans Christian Andersen, including such classics as "Thumbelina," "The Snow Queen," and "The Ugly Duckling," are collected for this beautifully illustrated volume.
