Arrow To The Sun A

Arrow to the Sun is a 1973 short film and a 1974 book, both by Gerald McDermott. The book was printed in gouache and ink, and won the 1975 Caldecott Medal for illustration. [1] Both media are a retelling of a Pueblo tale, specifically an Acoma Pueblo [2] tale, in which a mysterious boy seeks his father.

Arrow to the Sun - Wikipedia

Arrow to the Sun (1973) 12min | Animation, Short, Family Based on a folktale from the Acoma Pueblo Native Americans of the southwest, this beautifully animated film tells the story of a mysterious boy's search for his father, the God of the Sun... See full summary »

Murray Kyle - Arrow to the Sun Lyrics | Musixmatch

I actually did end up liking Gerald McDermott's Caldecott Medal winning Arrow to the Sun quite a bit more than I had originally expected to (as it is indeed an evocative tale, and the illustrations, although not really all that much to my aesthetic tastes in and of themselves, are really and truly visually stunning and spectacular, working exceedingly well with the author's narrative, with ...

About Arrow to the Sun. With vibrant colors and bold geometric forms, Gerald McDermott brilliantly captures the stylized look of Pueblo Indian art in this Caldecott Award-winning retelling of an ancient legend. A young boy searches for his father, but before he can claim his heritage he must first prove his worthiness by passing through the four ceremonial chambers: the kiva of lions, the kiva of snakes, the kiva of bees, and the kiva of lightning.

An Indian boy who is a descendant of the Lord of the Sun sets out in search of his father

An Indian boy who is a descendant of the Lord of the Sun sets out in search of his father.

Young soldier Honus Gant and beautiful Cresta Lee are the only survivors of a wagon train, and Gant must protect Cresta, a former Native American captive, from the legendary Cheyenne chieftain, Spotted Wolf, once Cresta's husband.

Contemplative poems write a contentious love letter to a flawed world. "In poems that focus on gender and race-based violence, environmental destruction, and grief, Chakraborty investigates the unknown, unexpected, and unexplained." —Publishers Weekly "About a quarter of the way through Sumita Chakraborty's Arrow, the reader encounters an impossible poem called 'Dear, beloved.' It's impossible because who could write it? It's as large, in its way, as any epic, but as compressed as any lyric, and as beautiful as any lyric, but as foundational as any epic, but it seems to come after all things, though it seems, also, diurnal. And it's impossible also because it's a highlight, not the highlight, of Arrow, a debut as assured as any first or last book, as compelling as any, as well-made." —Shane A. McCrue "I stand in awe of Sumita Chakraborty's visionary collection, by turns epic and compressed in scope, weighty in its tapestry-like materiality and sleekly dynamic as an arrow. The mythic and literary, here, are invigorated by seeming autobiography, which in turn gains collective energy and heft from the poems' timeless tropes and themes. Seamless and diverse in form, cosmic in subject and image, one feels in the presence of an oracular intelligence and an abiding lyric imagination." —Diane Seuss "This powerful and endlessly mysterious collection of poems is a book of fables, of spells, of revised narratives, and of realigned songs, brightly lifted above our bodies by music that is as unpredictable as it is marvelous. The lyricism is everywhere apparent as Sumita Chakraborty addresses us, our bodies and their stories, our planet, and our sense of time itself. How does she do it? Mad Ireland hurt him into poetry, W. H. Auden wrote about Yeats, and as the hurt enters Chakraborty's language, we see that in speech violated, sounds and meanings—and even the oldest of human mysteries, like 'the etymology of love'—are redefined. All one can do is repeat: this is an endlessly compelling book. Bravo." —Ilya Kaminsky

Set in the Ibo heartland of eastern Nigeria, one of Africa's best-known writers describes the conflict between old and new in its most poignant aspect—the personal struggle between father and son.

The gods are abandoning the earth, tempted by other worlds where they can live in peace. Only a few keep an interest in mortals. In their place, darker, more ancient forces are wakening... Silvius is given a task by a dying centaur. The dark god Python is rising and massing an army of immense power. The only thing that can save the world is the Arrow of Apollo –but it has been split into two. Silvius and his friend Elissa must travel to the land of their sworn enemies, the Achaeans. Meanwhile, Tisamenos is facing his own dangers in Achaea. A plot is afoot against him and his father, and it falls to him to stop it. When Silvius, Elissa and Tisamenos meet, they enter a final, terrifying race to bring together the pieces of the Arrow and use it to lay Python low once more.

An unlikely pair survive a massacre; the bumbling Honus Grant and saucy Cresta Lee, who hate each other. Stranded in dangerous territory, they are forced into partnership.

Seventy-one days and seventy-one nights had come and gone since Khalid began killing his brides. This dawn, Khalid would mark the loss of the seventy-second girl, Shabrazad al-Khayzuram. Khalid didn't know how many more of these dawns he could take. And there was something about this latest girl that piqued his interest. Not only had she volunteered to marry him, but at their wedding ceremony, she had seemed not the least bit afraid. In fact, what he had seen in her eyes was nothing short of pure hatred. She was about to lose her life. Why wasn't she afraid? Why did she hate him so? He had never before gone to his wife's chambers before her death at dawn. Tonight would be different.

A piercing and scientifically grounded look at the emergence of the coronavirus pandemic and how it will change the way we live—"excellent and timely." (The New Yorker) Apollo's Arrow offers a riveting account of the impact of the coronavirus pandemic as it swept through American society in 2020, and of how the recovery will unfold in the coming years. Drawing on momentous (yet dimly remembered) historical epidemics, contemporary analyses, and cutting-edge research from a range of scientific disciplines, bestselling author, physician, sociologist, and public health expert Nicholas A. Christakis explores what it means to live in a time of plague—an experience that is paradoxically uncommon to the vast majority of humans who are alive, yet deeply fundamental to our species. Unleashing new divisions in our society as well as opportunities for cooperation, this 21st-century pandemic has upended our lives in ways that will test, but not vanquish, our already frayed collective culture. Featuring new, provocative arguments and vivid examples ranging across medicine, history, sociology, epidemiology, data science, and genetics, Apollo's Arrow envisions what happens when the great force of a deadly germ meets the enduring reality of our evolved social nature.

In this retelling of an Aztec myth, Lord of the Night sends Wind to free the four musicians that the Sun is holding prisoner so they can bring joy to the world.
