In the Closed Sicilian an awareness of the strategies and plans is far more important than the simple memorising of variations. White's play is logical and the basic ideas are simple to master.

Vladimir Kramnik is a giant of the chess world. He firmly secured his legendary status when he won the World Championship in 2000 by defeating the previously dominant Garry Kasparov - the only player ever to do so in a match. Kramnik held on to his crown for seven years, and today he remains one of the World's elite players. In this book, former American Open Champion Cyrus Lakdawala invites you to join him in a study of his favourite Kramnik games. Lakdawala examines Kramnik's renowned skills in attack and defence, exploiting imbalances, dynamic elements, accumulating advantages and endgame play, and shows how we can all improve by learning from Kramnik's masterpieces. The Benko Gambit is a popular choice for those who like to seize the initiative as Black. For the price of a pawn, Black gets tremendous queenside pressure and puts White on the defensive early in the game. Players are attracted by the fact that Black's plans are so clear cut, while White is often reduced to simply dealing with Black's threats. In this book, Benko expert Junior Tay invites you to join him in studying his favourite opening. He examines the main plans for both sides, provides a repertoire for Black and answers all the key questions.

Anatoly Karpov is considered by many to be one of the greatest chess players of all time. He was the undisputed World Champion from 1975 to 1985, and also FIDE World Champion from 1993 to 1999. He was ranked the World's number one player for 90 months - second only to his greatest rival Garry Kasparov - and he won well over a hundred elite tournaments. Karpov possessed a deep positional understanding of the game and a fabulous intuitive feel for positions. His boa-constrictor style left many opponents wondering where exactly they went wrong. In this book, International Master Sam Collins selects and examines his favourite Karpov games, and shows us how we can all learn and improve our chess by studying Karpov's play. A Look into Bobby 's Mind From December 1966 until January 1970, Bobby Fischer wrote a chess column for Boys ' Life, the official magazine of the Boy Scouts of America. Now, for the first time, all of these columns have been collected in one volume. It is an eclectic mix, a fascinating look at Fischer 's writing and thinking as he reached his prime, maturing into the strongest player in the world. In these columns, he answers many readers ' questions – from basic to sophisticated. His answers provide a unique glimpse into Fischer 's thinking at the chessboard. The time period covered in these columns was one of the most critical in Fischer 's career. It was during this time period that his opus magnum, My Sixty Memorable Games, was released. And as player, he grew from one of a few super-grandmasters to the best player in the world. The only thing missing was an actual title match. That of course would soon come. These columns are a diverse collection of tips for players, comments on playing, annotated games and casual observations. The games and annotations are presented in modern English algebraic notation. As Andy Soltis notes in his foreword, “ You read [Fischer 's Boys ' Life columns] to see what was going on in that remarkable mind. As quirky as Checkmate was, these columns tell us a lot. ”

Viswanathan Anand is undoubtedly one of the World's greatest ever chess players. He first shot to fame in his youth, when he enthralled the chess public with his results and his amazing speed of play. He became India's first ever grandmaster, at the age of eighteen. He has won five World Championships, and was the undisputed World Champion from 2007 to 2013. He's been the World number one ranked player and one of the very few to break the 2800 rating barrier. His renowned versatility has help him to become successful in all forms of the game: tournament play, match play, knockout and rapidplay. In this book, Grandmaster Zen ó n Franco examines in detail Anand's chess career to date. He selects and studies his favourite Anand games, and demonstrates clearly how we can all improve our chess by learning from Anand's play. Move by Move provides an ideal platform to study chess. “ Chuky, you 're a genius. ” Leading grandmasters have been heard to whisper these words, impressed with yet another brilliancy of Vassily Ivanchuk. The Ukrainian wizard, immensely popular with pros and amateurs alike, has been a member of the world elite for more than twenty years and is one of the most active players on the international circuit. Ivanchuk has finished first in all major tournaments in the world, at times with astonishing supremacy and always with deeply creative chess. He has won the Junior World Championship, the Blitz World Championship and reached the number two spot in the world rankings. Four times he was a member of the team that won the Chess Olympiad, once also claiming the individual gold medal on first board. The question why Ivanchuk, with his phenomenal talent and uncompromising passion for the game, has never become World Champion is something of a mystery. The inability to handle stress has been suggested and he himself has pointed at periods of ‘ black moods ’ or ‘ psychological crises ’. Still, despite occasional erratic results, he has always maintained his position among the very best. For this book Correspondence Grandmaster and chess author Nikolay Kalinichenko has selected 100 of Vassily Ivanchuk 's best and most instructive games, explaining his moves and plans for club players. The result is a fascinating and rewarding journey to ‘ Planet Ivanchuk ’, the extraterrestrial location where the sphinx from Lvov is said to receive his best brainwaves.
