...
Describing three intertwined cultural processes, she demonstrates how young people made sense of and constructed black, white, and Latina/Latino identities through the deployment of 'racialised' VMC which included those cultural artefacts and practices that the youth associated with particular racial groups.

(Re)constructing Race: Racial Identities and the Borders

...
In a world saturated with media images and global commodities, fashion and music become charged, polarized racial identifiers. As youth engage with this world, race simultaneously persists and falters, providing us with a glimpse into the future of race both within South Africa and throughout urban youth cultures worldwide.

But recognizing race as a social construction does not make race less "real." Marriages are social constructions, but they have serious legal, cultural, and interpersonal implications.

Race as a Social Construction | Psychology Today

Constructing Race: Youth, Identity, and Popular Culture in South Africa (Suny Se. For modern urban South African youth, the concept of "race" persists and apartheid crumbled in South Africa, racial identity was thrown into question. Based on a year-long ethnographic study of a multiracial high school in Durban, this book explores how youth make meaning of the still powerful, yet changing, idea of race.

is also held in the collection of the recently opened National Museum of African American History and Culture in Washington, D.C., as well as Northwest artists such as Portland painter Arvie Smith (whose own exhibition at PAM has been extended through March 12).

Constructing Identity - Portland Art Museum

Understanding black American social identity has suffered from association with the race idea. Being black American is not a racial designation. The tendency to reduce color-conscious social identity to racial classification is a mistake. Black American social identity gets its “blackness” from traceable African ancestry and is marked by the legacy of slavery.
