## **Creating A Problem Solving Culture**

Creating a problem-solving culture. For people who have not worked in a problem-solving culture before, talking about problems can be nerve-wracking. College for America (CfA) endeavors to create an organizational culture where learning and problem-solving are at the heart of everything we do. This means that in the day-to-day operations at CfA we ask questions like: Why are we doing it that way?

# Read PDF Creating A Problem Solving Culture Exploring Problem-solving - FM

The biggest impediments to a problem-solving culture can be the mindset of center leadership. As in Ron's case above, absentee leaders or those who are just "doing time" until their next assignment can never drive innovation like this. Leaders need to be open and engaged. They must model the high level of trust they want to see.
