History Without The Boring Bits

Imagine a book crammed with such deliciously disposable information, and you have History Without the Boring Bits. By turns bizarre, surprising, trivial, and enlightening, this book offers rich pickings for the browser, and entertainment and inspiration aplenty for those who have grown weary of more conventional works of history.

History Without the Boring Bits: Crofton, Ian ...

History without the boring bits is in fact more boring that a regular history book, surprisingly. It's full of little anecdotes and apocrypha. Confirmed what I already knew, that the Romans were a cruel bunch of maniacs (must have been something in the water), as were the British in the middle ages, as were most people of any nation throughout history.

History Without the Boring Bits by Ian Crofton

Conventional chronologies of world history concentrate on the reigns of kings and queens, the dates of battles and treaties, the publication dates of great books, the completion of famous buildings, the deaths of iconic figures, and the years of major discoveries. But there are other more interestin...

History Without the Boring Bits: A Curious Chronology of ...

Drill bits are cutting tools used to remove material to create holes, almost always of circular cross-section. Drill bits come in many sizes and shapes and can create different kinds of holes in many different materials. In order to create holes drill bits are usually attached to a drill, which powers them to cut through the workpiece, typically by rotation.
