What is a Survey, Land Survey, A2 Survey, Topographic ...

The confusion begins upon this request of the A-2 survey. The term "A-2" is not a survey type, nor a survey category, but it is actually an accuracy class. There are several classes of accuracy in regards to surveys: Classes AA, A-1, A-2, B, C, and D. When talking about survey types or categories, Class A-2 is the industry standard for accuracy.

What Does an A-2 Survey in Connecticut Really Mean ...

PG&E surveying power lines by helicopter in North Bay ...

Surveying or land surveying is the technique, profession, and science of determining the terrestrial or three-dimensional positions of points and the distances and angles between them. A land surveying professional is called a land surveyor. These points are usually on the surface of the Earth, and they are often used to establish maps and boundaries for ownership, locations, such as building ...
