### Section | Definition of Section by Merriam-Webster

In U.S. land surveying under the Public Land Survey System, a section is an area nominally one square mile, containing 640 acres, with 36 sections making up one survey township on a rectangular grid. The legal description of a tract of land under the PLSS includes the name of the state, name of the county, township number, range number, section number, and portion of a section. Sections are customarily surveyed into smaller squares by repeated halving and quartering. A quarter section is 160 ac
